

Safety, Health, & Environmental Mission Statement

Allteck Line Contractors Inc. (Allteck) believes that all incidents and injuries are preventable; that safety will take precedence over all business pursuits; that working safely demonstrates our values for people and good business practices; and that safe conduct is a condition of employment with Allteck.

It is our intention to proactively work with employees of all divisions, subcontractors, customer and clients, the public, and governments to use natural resources in an environmentally sound manner while protecting the health and safety of employees and the public. The safety success of Allteck requires individual commitment, involvement, teamwork, and leadership.

It is the policy of Allteck to not only provide and maintain a safe and healthy work environment, and to follow all operating practices that will safeguard all employees and result in safe working conditions and efficient, successful operations at all projects and divisions.

It is our goal to ensure that Allteck operations do not adversely impact the local communities and environment, and that we comply with all federal, provincial, state, and utilities regulations.

Allteck actively promotes and encourages all employees and subcontractors to join in a personal commitment to incident prevention as a way of life and to target Zero Injuries.
